

## LIFEGROUP AGREEMENT

### Crossroads Community Church

#### **Purpose**

To provide a predictable environment where participants experience authentic community and spiritual growth

#### **Values & Goals**

The driving force behind groups is to assist people with building relationships with God, with others, and with the lost.

#### *Authenticity*

The atmosphere of a life group should encourage openness and transparency among members. This is intended to be a safe environment where people should feel free to be themselves.

#### *Confidentiality*

For authenticity to occur, members must be able to trust that confidential information discussed within the group will not be shared outside the group.

#### *Respect*

Group members should never say anything that will embarrass their spouse or members of the group.

#### *Availability*

A primary responsibility of a life group is to establish a priority for establishing specific relationships with others in the group. This requires a willingness to be available to meet each other's needs and to celebrate with each other.

#### *Multiplication*

Group members recognize that one of the goals of their group is to be available for God to use them to start a new group. This allows others to experience the LifeGroup relationship.
